

**E-mobility**  
right at your  
doorstep

We are pleased to offer you shared e-mobility in collaboration with Cham Group. Use the e-vehicles for your next trip, running errands, or for transportation.

The vehicles can be booked, opened, and closed easily with the «allride» app.

---

## Registration and Usage Information

---

→ E-bikes and e-cargo bikes can be used from the age of 18 without a driver's license.

---

→ To ensure smooth use of the app, you must enable location access and turn on Bluetooth.

---

→ You can easily book, open, and close the vehicles with the « allride » app. There is no physical key.

---

→ Please return the vehicle on time and ensure it is connected to the activated charging station at the allride location.

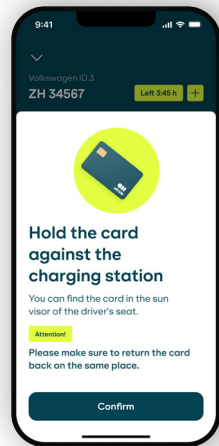

---

→ Make sure you have packed all your valuables and finally end your booking on the app.

---

→ You only pay for the time you have booked the vehicle, and for cars, you also pay for the kilometers driven. The exact prices can be found in the app. No additional registration or subscription fees apply.

---

# In just a few steps, you will gain access to shared e-mobility at the Papieri location with the «allride» app.

## How it works:

### Download app

Scan the code and download the «allride» app.

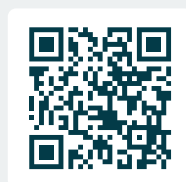

### Register

Follow the registration instructions and select «public locations».

### Start

Book a ride, open the vehicle, and drive off!
